

# Growing Up WILD

Exploring Nature with Young People

Growing Up WILD: Exploring Nature with Young Children is a childhood education activity guide that builds on children's sense of wonder about nature and invites them to explore the world around them. Through a wide range of activities and experiences, it provides a foundation for developing positive impressions about nature while also building lifelong social & cognitive skills.

**Growing Up WILD is a high-quality, easy-to-use guide for all educators - elementary school teachers, preschool teachers, after school program leaders, in-home daycare providers, & parents.**

Growing Up WILD activity guide:

- Is for educators of children ages 3-7.
- Has 27 field-tested, hands-on activities.
- Includes crafts, art projects, music & movement, reading, math, science, and civics connections.
- Involves social, emotional, physical, language & cognitive domains to help foster learning in all areas.

**Tuesday July 7<sup>th</sup>, 2015**

**6:00 pm to 9:00 pm**

**Elkhorn Valley Museum**

**515 Queen City Blvd, Norfolk, Ne**
